

1

Most agencies don't have an automation problem.

They have a bandwidth problem.

2

The problems aren't hidden.

Manual reports.
Client updates.
Status chasing.

3

The people who can fix it are already committed.

The roadmap leaves
no room for
'one small fix.'

4

The fix waits.

Until inefficiency becomes 'just how things are.'

FIX REPORT
FORMAT

5

This gap is where inefficiency lives.
